

IEEE - ICIT'2009
International Conference on Industrial Technology
10-13 February, 2009
Churchill, Victoria, Australia
<http://www.ieee-icit09.org/>

Invitation to the Special Section on Advanced electric drives for electric/hybrid vehicles

Special session topics: the special session topics include but are not limited to:

- Application of traditional electric motors in EV drive-trains,
- High performance and sensorless controller for EV motors
 - Special machines for automotive applications
 - FPGA/DSP based controllers
- Advanced motion control techniques for electric/hybrid vehicles
 - Series, parallel, Series-parallel hybrid configurations
 - Efficiency optimization in electric/hybrid vehicles
- Application of battery/ultracapacitors for performance enhancement

Authors' Schedule:

Authors should contact the Special Session Organizers as soon as possible and consider schedule presented at ICIT'2009 website.

Submission of Papers:

Papers are to be submitted electronically. For further details please consult the conference web pages.

Session Organizers:

Babak Fahimi, University of Texas at Arlington, USA, e-mail: fahimi@uta.edu
Chandan Chakraborty, Indian Institute of Technology Kharagpur, India e-mail: chakraborty@ieee.org
